

# McCann Training

## CABLE AVOIDANCE TOOLS (Cat & Genny)

The aim of the course is to provide both Operatives and Supervisors with the skills and knowledge to carry out cable avoidance work.

### Who Should Attend?

This programme is designed for Operatives and Supervisors who have to locate underground apparatus for work on the roadways and highways.

### Course Content

- Legislation and HSG 47
- Basic principles of location and avoidance of underground services.
- Hazard identification and the risks associated with them.
- Reading and interpreting site plans.
- Practical use of equipment.
