ABOUT US

McCann Ltd is a leading civil and electrical engineering construction company that operates throughout the UK on major road, rail, and airport infrastructure projects for public and private sector clients.

We provide our clients with integrated infrastructure solutions that meet business needs and exceed expectations each and every time.

Since our formation, some forty years ago we have developed a wide range of specialist contracting services to support the successful delivery of major infrastructure projects throughout the UK. As a leading supplier and installer of street lighting, traffic signs, signals, communication systems and associated civil engineering we can also play a key role in the development of project design and buildability whilst working comfortably within a wide range of contractual arrangements.

With a large, highly skilled, directly employed workforce, supported by an extensive specialised plant fleet we are able to take on and deliver the most demanding of projects to programme and budget.

Furthermore, as a business, employer, and member of the wider community, we fully recognise our social responsibility, always striving to build a safe, sustainable entity which is environmentally responsible.

With an ambitious strategy, we are poised for further growth and success, so if you are committed, talented and enthusiastic, McCann's is the right place for you.

WHAT WE OFFER

In return we offer an opportunity to work on some of the UKs most exciting construction projects, in a fast-paced environment where each day brings new challenges as well as a competitive salary and benefits package. We will always consider flexible working hours and arrangements.
